Ted,

Got your voicemail requesting photos. Attached are several photos from the site visit. This will take more than one e-mail to x-mit. Scott

2016, 2017 – effluent discharged to ditch and flows into PVC pipe adjacent to the road
2018-2023 – New Cricket Spring (NCS)
2024, 2025 – Behind treatment bldg (possible location of well(s) used to demonstrate capture)
2026, 2027 – Between NCS and treatment bldg. (also a possible location of well(s) used to demonstrate capture)
2028 – looking west, road between NCS and CS (borrow ditches either side w water)
2029, 2030 – looking east, road between NCS and CS (borrow ditches either side w water; possible location of well(s) on left to demonstrate capture)
2031 - looking west, road between NCS and CS (borrow ditches either side w water)
2032, 2033 – where effluent is discharged into ditch
2034, 2035 – borrow ditches w water, looking west from NCS towards Cricket Spring
2037 – Cricket Spring
